Index to Volume 17

AUTHOR AND SUBJECT INDEX

A

Aaronson, Abe B., Ehrlich, Norman J., and Frankel, Donald B.: Preliminary study of use of buccal protease therapy in bronchial asthma, 883

Abramson, Harold A.: Pseudoallergic schizophrenia, 576

Abramson, Harold A., and Peshkin, M. Murray: Psychosomatic group therapy with parents of children having intractable asthma, 344

Acetylcholine: —induced bronchial obstruction, the effect of drugs in (D. Edward Frank), 200

Aerobiology, pollen: the centennial of (Oren C. Durham), 923

Aids, mechanical: exhibit, and drugs. (Maurice S. Segal, Ernst O. Attinger, and Merrill M. Goldstein), 413

Aird, Robert B.: Possible allergic conditions affecting the central nervous system viewed from a neurological standpoint, 905

Alexander, Bronson R., Jillson, Otis Field, and Curwen, William L.: Problems of contact dermatitis in the atopic individual, 215

Allergic conditions, possible: affecting the central nervous system viewed from a neurological standpoint (Robert B. Aird), 905

Allergic fatigue and toxemia (Albert H. Rowe), 9

Allergic reactions due to F D & C yellow No. 5 tartrazine, an aniline dye used as a coloring and identifying agent in various steroids (Stephen D. Lockey), 719

Allergic rhinitis due to plastics (Louvane A. Fox), 768

Allergy and recurrent epistaxis in children (Donald H. Walker), 872

Allergy, dermatologic and respiratory: treatment of, with dexamethasone (Jack A. Rudolph and Burton M. Rudolph), 710

Allergy: dexamethasone in (Cecil M. Kohn and William C. Grater), 385

Allergy in Australia (Hugh A. Kuhn), 390

Allergy: some thoughts on the nature of (William B. Sherman), 407

Allergic rhinitis acquired during the processing of epoxy resins (George E. Morris), 74

Allergy, food: rice intolerance in infants, masked (Douglas E. Johnstone), 350

Allergy, dermatologic V (John L. Fromer), 76

Allergy, dermatologic V (part two), (John L. Fromer), 230

Allergy related to bronchiectasis in children (Arthur Lipschutz), 336

Amylase, buccal (Carlos Tejo, Joaquin C. Bido, Simon Tomasini, and Robert T. Barnard), 855

Antigen, altered ragweed: studies on the neutralizing and eliciting activity of (Roy Patterson, Jose N. Correa, and Kenneth P. Mathews), 444

Antigens, human tissue and tumor: distribution and immunochemical properties of (Leonhard Korngold), 194

Antihistamine, triple: a long-acting (Lawrence J. Halpin), 602

Antihistaminic agents, sustained release mixture of: duration of effect, Tridecamine (T. L. Jones, L. B. Dale, and G. L. Christenson), 878

Asian influenza vaccine: immunization after intradermal and subcutaneous injection of (Maury D. Sanger), 173

Asthma, acute and chronic: Elixophyllin® in the treatment of, clinical evaluation and pulmonary function studies (Walter R. MacLaren), 729

Asthma: an evaluation of Triaminic® and hydrocortisone in the treatment of nasal allergy, nasal polyposis, and (Walter R. MacLaren), 546

Asthma associated with infection: sulfonamide therapy in the prevention of (A. E. Fishman), 588

Asthma, bronchial: clinical evaluation of stock respiratory vaccine in the treatment of (Merle W. Moore and Charles E. Reed), 722

Asthma, bronchial: preliminary study of use of buccal protease therapy in (Donald B. Frankel, Abe B. Aaronson, and Norman J. Ehrlich), 883

Asthma, bronchial: the treatment of, with Medrol (E. G. Wygant) 402

Asthma, childhood: dexamethasone in (Constantine J. Falliers and Samuel C. Bukantz), 887

Asthma, intractable: psychosomatic group therapy with parents of children having (M. Murray Peshkin and Harold A. Abramson), 344

Asthma, intractable: rehabilitation of children with (W. B. Steen), 864

Asthma: suicide by (Bennett Kraft, Frank W. Countryman, and David L. Blumenthal), 394

Asthma, with complications: calcium-potassium glutamate in the treatment of (S. R. Zoss), 755
Asthmatic patients: a graphic form as a progress index of (Constantine J. Falliers, M. Bekaroglu and M. Murray Peshkin), 434
Atopic dermatitis: a review of eight years, part II (Leonard D. Grayson and Hilliard M. Shair) 57
Attinger, Ernst O., Goldstein, Merrill M., and Segal, Maurice S.: Exhibit—mechanical aids and drugs, 413
Australia: allergy in (Hugh A. Kuhn), 390
Averages and inconsistencies, 335

B

Barnard, Robert T., Tejo, Carlos, Bido, Joaquin C., and Tomasini, Simon: Buccal amylase, 855
Bauers, Eloi: Shall we change our nominating procedures? 769
Bautista, Imelda A., Spielman, Aaron D., Kupperman, Herbert S., Dann, Sidney, and Brown, Frederick R.: The effectiveness of scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma, 562
Bekaroglu, M., Peshkin, M. Murray, and Falliers, Constantine J.: A graphic form as a progress index of asthmatic patients, 434
Berman, Bernard A., Engel, George L., and Glaser, Jerome: The electroencephalogram in allergic children, 188
Bido, Joaquin C., Tomasini, Simon, Barnard, Robert T., and Tejo, Carlos: Buccal amylase, 855
Blumenthal, David L., Countryman, Frank W., and Kraft, Bennett: Suicide by asthma, 394
Bronchial asthma: dexamethasone therapy in (Jale Duvenci, Sanford Chodosh, and Maurice S. Segal), 695
Bronchial asthma: prochlorperazine as an aid in the treatment of (Harold S. Tuft), 224
Bronchial asthma: the effectiveness of scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma (Sidney Dann, Frederick R. Brown, Imelda A. Bautista, Aaron D. Spielman, and Herbert S. Kupperman), 562
Bronchial obstruction, acetylcholine-induced: the effect of drugs in (D. Edward Frank), 200
Bronchiectasis: allergy related to, in children (Arthur Lipschutz), 336
Bronchiectasis, the etiology of: the study of allergic reactions in (Stanley L. Goldman), 399
Brown, Ethan Allan: The treatment of allergy to ragweed pollen by means of a single annual injection of emulsified pollen extract VI, 358
Brown, Ethan Allan: The treatment of pollinosis by means of a single annual injection of emulsified extract V, 34
Brown, Frederick R., Bautista, Imelda A., Spielman, Aaron D., Kupperman, Herbert S., and Dann, Sidney: The effectiveness of scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma, 562
Buccal amylase (Carlos Tejo, Joaquin C. Bido, Simon Tomasini, and Robert T. Barnard), 855
Buccal protease therapy: preliminary study of use of, in bronchial asthma (Donald B. Frankel, Abe B. Aaronson, and Norman J. Ehrlich), 883
Buccal trypsin: constitutional reaction following (Irvin Caplin, George F. Parker, John T. Haynes, and Harvey Meulbroek), 901
Bukantz, Samuel C., and Falliers, Constantine J.: Dexamethasone in childhood asthma, 887
Burdon, Kenneth D., McGovern, John P., McElhenney, Thomas R., and Hall, Thomas R.: Evaluation of effectiveness, dosage and toxicity of "para-bromdylamine maleate" in allergic rhinitis of infants and children, 915

C

Calcium-potassium glutamate in the treatment of asthma with complications (S. R. Zoss), 755
Caplin, Irvin, Parker, George F., Haynes, John T., and Meulbroek, Harvey: Constitutional reaction following buccal trypsin, 901
Centennial of pollen aerobiology, the (Oren C. Durham), 923
Center, J. George, Schaffer, Nathan, and Molomut, Norman: Studies on allergenic extracts I, 380
Chervinsky, Paul: The use of dexamethasone in the treatment of allergic disorders, 714

Chodosh, Sanford, Segal, Maurice S., and Duvenci, Jale: Dexamethasone in bronchial asthma, 695
Christenson, G. L., Jones, T. L., and Dale, L. B.: Duration of effect of a sustained release mixture of antihistaminic agents: Tridecamine, 878
Clinical evaluation of parabromdylamine maleate (Dimetane), The (William H. Lipman), 19
Clinical evaluation of stock respiratory vaccine in the treatment of bronchial asthma (Merle W. Moore and Charles E. Reed), 722
Components of milk and their significance to the allergic child (Joseph H. Fries), 1
Constitutional reaction following buccal trypsin (Irvin Caplin, George F. Parker, John T. Haynes, and Harvey Meulbroek), 901
Cooke, Robert A.: Principles of therapy in human hypersensitiveness, historical document, 773
Correa, Jose N., Mathews, Kenneth P., and Patterson, Roy: Studies on the neutralizing and eliciting activity of altered ragweed antigen, 444
Corticosteroid, new: dexamethasone—its effect in allergic disease (Alex S. Friedlaender and Sidney Friedlaender), 705
Countryman, Frank W., Kraft, Bennett, and Blumenthal, David L.: Suicide by asthma, 394.
Curwen, William L., Alexander, Bronson R., and Jillson, Otis Field: Problems on contact dermatitis in the atopic individual, 215

D

Dale, L. B., Christenson, G. L., and Jones, T. L.: Duration of effect of a sustained release mixture of antihistaminic agents: Tridecamine, 878
Dann, Sidney, Brown, Frederick R., Bautista, Imelda A., Spielman, Aaron D., and Kupperman, Herbert S.: The effectiveness of scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma, 562
Dermatitis, contact: problems of, in the atopic individual (Otis Field Jillson, William L. Curwen, and Bronson R. Alexander), 215
Dermatitis of the hands: nummular eczema with special reference to, in housewives (Paul Gross), 745
Dermatologic allergy V (John L. Fromer), 76
Dermatologic allergy V (part two) (John L. Fromer), 230
Dermatoses, pruritic: the use of dextro-chlorpheniramine (Polaramine®) in (Rudolph S. Lackenbacher) 355
Development of multiple sensitivities from primary sensitivity to nickel (L. Edward Gaul), 209
Dexamethasone: a new corticosteroid—its effect in allergic disease (Alex S. Friedlaender and Sidney Friedlaender), 705
Dexamethasone as a symptomatic aid in hay fever (Mayer A. Green), 717
Dexamethasone in allergy (Cecil M. Kohn and William C. Grater), 385
Dexamethasone in childhood asthma (Constantine J. Falliers and Samuel C. Bukantz), 887
Dexamethasone in dermatologic therapy (Perry A. Sperber), 895
Dexamethasone: the use of, in the treatment of allergic disorders (Paul Chervinsky), 714
Dexamethasone therapy in bronchial asthma (Jale Duvenci, Sanford Chodosh, and Maurice S. Segal), 695
Dexamethasone: treatment of dermatologic and respiratory allergy with (Jack A. Rudolph and Burton M. Rudolph), 710
Dexamethasone: treatment of severe allergies with (Fred A. Parish), 701
Dextro-chlorpheniramine (Polaramine®) in pruritic dermatoses, the use of (Rudolph S. Lackenbacher), 355
Diagnosis and treatment of Ménière's disease (Hugh A. Kuhn), 71
Dickstein, Bernard: Enzyme lysis of asthmatic sputum, a review and progress report, 784
Dimetane injectable: the treatment of major allergic manifestations with (J. Warrick Thomas), 25
(Dimetane): the clinical evaluation of parabromdylamine maleate (William H. Lipman), 19
Disease, allergic: dexamethasone, a new corticosteroid, its effect in (Alex S. Friedlaender and Sidney Friedlaender), 705
Disorders, allergic: the use of dexamethasone in the treatment of (Paul Chervinsky), 714
Disorders, allergic: the use of Triamcinolone in the treatment of (Sydney F. Smith), 740

Distribution and immunochemical properties of human tissue and tumor antigens II (Leonhard Korngold), 194
Drugs: exhibit—mechanical aids and (Maurice S. Segal, Ernst O. Attinger and Merrill M. Goldstein), 413
Duration of effect of a sustained release mixture of antihistaminic agents: Tridecamine (T. L. Jones, L. B. Dale, and G. L. Christenson), 878
Durham, Oren C.: The centennial of pollen aerobiology, 923
Duvenci, Jale, Chodosh, Sanford, and Segal, Maurice S.: Dexamethasone in bronchial asthma, 695

E

Eczema, nummular: with special reference to dermatitis of the hands in housewives (Paul Gross), 745
Effect of drugs in acetylcholine-induced bronchial obstruction, the (D. Edward Frank), 200
Effect of migration to Miami, Florida, on allergic respiratory disease (George Gittelson), 596
Effectiveness of scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma (Sidney Dann, Frederick R. Brown, Imelda A. Bautista, Aaron D. Spielman, and Herbert S. Kupperman), 562
Ehrlich, Norman J., Frankel, Donald B., and Aaronson, Abe B.: Preliminary study of use of buccal protease therapy in bronchial asthma, 883
Electroencephalogram in allergic children, the (Bernard A. Berman, George L. Engel, and Jerome Glaser), 188
Elixophyllin® in the treatment of acute and chronic asthma: clinical evaluation and pulmonary function studies (Walter R. MacLaren), 729
Emulsified extract: the treatment of pollinosis by means of a single annual injection of, V. (Ethan Allan Brown), 34
Engel, George L., Berman, Bernard A., and Glaser, Jerome: The electroencephalogram in allergic children, 188
Enzyme lysis of asthmatic sputum, a review and progress report (Bernard Dickstein), 784
Epistaxis, recurrent: allergy and, in children (Donald H. Walker), 872
Evaluation of effectiveness, dosage and toxicity of "para-bromdylamine maleate" in allergic rhinitis of infants and children (John P. McGovern, Thomas R. McElhenney, Thomas R. Hall, and Kenneth D. Burdon), 915
Evaluation of Triaminic® and hydrocortisone in the treatment of nasal allergy, nasal polyposis, and asthma (Walter R. MacLaren), 546
Exhibit—mechanical aids and drugs (Maurice S. Segal, Ernst O. Attinger, and Merrill M. Goldstein), 413
Extract, emulsified pollen: the treatment of allergy to ragweed pollen by means of a single annual injection of, VI (Ethan Allan Brown), 358
Extracts, allergenic: studies on, I (Nathan Schaffer, Norman Molomut, and J. George Center), 380

F

Falliers, Constantine J., Bekaroglu, M., and Peshkin, M. Murray: A graphic form as a progress index of asthmatic patients, 434
Falliers, Constantine J., and Bukantz, Samuel C.: Dexamethasone in childhood asthma, 887
Fishman, A. E.: Sulfonamide therapy in the prevention of asthma associated with infection, 588
Fox, Louvane A.: Allergic rhinitis due to plastics, 768
Frank, D. Edward: The effect of drugs in acetylcholine-induced bronchial obstruction, 200
Frankel, Donald B., Aaronson, Abe B., and Ehrlich, Norman J.: Preliminary study of use of buccal protease therapy in bronchial asthma, 883
Friedlaender, Alex S., and Friedlaender, Sidney: Dexamethasone: a new corticosteroid—its effect in allergic disease, 705
Friedlaender, Sidney, and Friedlaender, Alex S.: Dexamethasone: a new corticosteroid—its effect in allergic disease, 705
Fries, Joseph H.: Components of milk and their significance to the allergic child, 1
Fromer, John L.: Dermatologic allergy V, 76
Fromer, John L.: Dermatologic allergy V (part two), 230
Further observations with antihistamines in reducing reactions in intravenous pyelography (Maury D. Sanger), 762

G

Gaul, L. Edward: Development of multiple sensitivities from primary sensitivity to nickel, 209
Gittelson, George: The effect of migration to Miami, Florida, on allergic respiratory disease, 596
Goldman, Stanley L.: The study of allergic reactions in the etiology of bronchiectasis, 399
Goldstein, Merrill M., Segal, Maurice S., and Attinger, Ernst O.: Exhibit—mechanical aids and drugs, 413
Graphic form as a progress index of asthmatic patients, a (Constantine J. Falliers, M. Bekaroglu, and M. Murray Peshkin), 434
Grater, William C., and Kohn, Cecil M.: Dexamethasone in allergy, 385
Green, Mayer A.: Dexamethasone as a symptomatic aid in hay fever, 717
Glaser, Jerome, Berman, Bernard A., and Engel, George L.: The electroencephalogram in allergic children, 188
Grayson, Leonard D., and Shair, Hilliard M.: Atopic dermatitis: a review of eight years, part II. 57
Griffin, Herschel E.: Reactions to influenza vaccine, 179
Gross, Paul: Nummular eczema with special reference to dermatitis of the hands in housewives, 745

H

Halpin, Lawrence J.: A long-acting triple antihistamine, 602
Hall, Thomas R., Burdon, Kenneth D., McGovern, John P., and McElhenney, Thomas R.: Evaluation of effectiveness, dosage and toxicity of "para-bromdylamine maleate" in allergic rhinitis of infants and children, 915
Hay fever: dexamethasone as a symptomatic aid in (Mayer A. Green), 717
Haynes, John T., Meulbroek, Harvey, Caplin, Irvin, and Parker, George F.: Constitutional reaction following buccal trypsin, 901
Hydrocortisone: an evaluation of Triaminic® and, in the treatment of nasal allergy, nasal polyposis, and asthma (Walter R. MacLaren), 546

I

Immunization after intradermal and subcutaneous injection of Asian influenza vaccine (Maury D. Sanger), 173
Inadequacy of the passive transfer test as a diagnostic procedure in pediatric allergy, the (Bret Ratner), 62
Index, progress: graphic form as, of asthmatic patients (Constantine J. Falliers, M. Bekaroglu, and M. Murray Peshkin), 434
Influenza vaccine: reactions to (Herschel E. Griffin), 179

J

Jillson, Otis Field, Curwen, William L., and Alexander, Bronson R.: Problems of contact dermatitis in the atopic individual, 215
Johnstone, Douglas E.: Rice intolerance in infants: masked food allergy?, 350
Jones, T. L., Dale, L. B., and Christenson, G. L.: Duration of effect of a sustained release mixture of antihistaminic agents: Tridecamine, 878

K

Kesten, Beatrice M., and McCarthy, John T.: The problem of allergic cutaneous vasculitis, 519
Kohn, Cecil M., and Grater, William C.: Dexamethasone in allergy, 385
Korngold, Leonhard: Distribution and immunochemical properties of human tissue and tumor antigens II, 194
Kraft, Bennett, Countryman, Frank W., and Blumenthal, David L.: Suicide by asthma, 394
Kuhn, Hugh A.: Allergy in Australia, 390
Kuhn, Hugh A.: Diagnosis and treatment of Ménière's disease, 71
Kupperman, Herbert S., Dann, Sidney, Brown, Frederick R., Bautista, Imelda A., and Spielman, Aaron D.: The effectiveness of scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma, 562

L

Lackenbacher, Rudolph S.: The use of dextro-chlorpheniramine (Polaramine®) in pruritic dermatoses, 355
Lipman, William H.: The clinical evaluation of parabromdylamine maleate (Dimetane), 19

Lipschultz, Arthur: Allergy related to bronchiectasis in children, 336
Lockey, Stephen D.: Allergic reactions due to F D & C yellow No. 5 tartrazine, an aniline dye used as a coloring and identifying agent in various steroids, 719
Long-acting triple antihistamine, a (Lawrence J. Halpin), 602

M

MacLaren, Walter R.: An evaluation of Triaminic® and hydrocortisone in the treatment of nasal allergy, nasal polyposis, and asthma, 546
MacLaren, Walter R.: Elixophyllin® in the treatment of acute and chronic asthma: clinical evaluation and pulmonary function studies, 729
Mathews, Kenneth P., Patterson, Roy, and Correa, Jose N.: Studies on the neutralizing and eliciting activity of altered ragweed antigen, 444
McCarthy, John T., and Kesten, Beatrice M.: The problem of allergic cutaneous vasculitis, 519
McElhenney, Thomas R., Hall, Thomas R., Burdon, Kenneth D., and McGovern, John P.: Evaluation of effectiveness, dosage and toxicity of "para-bromdylamine maleate" in allergic rhinitis of infants and children, 915
McGovern, John P., McElhenney, Thomas R., Hall, Thomas R., and Burdon, Kenneth D.: Evaluation of effectiveness, dosage and toxicity of "para-bromdylamine maleate" in allergic rhinitis of infants and children, 915
Medrol: the treatment of bronchial asthma with (E. G. Wygant), 402
Ménière's disease: diagnosis and treatment of (Hugh A. Kuhn), 71
Meulbroek, Harvey, Caplin, Irvin, Parker, George F., and Haynes, John T.: Constitutional reaction following buccal trypsin, 901
Migration to Miami, Florida: the effect of, on allergic respiratory disease (George Gittelson), 596
Milk: its components and their significance to the allergic child (Joseph H. Fries), 1
Mitchell, Charles, and Reif, Arnold E.: Size analysis of water aerosols, 157
Molomut, Norman, Center, J. George, and Schaffer, Nathan: Studies on allergenic extracts I, 380
Moore, Merle: President's address, 333
Moore, Merle W., and Reed, Charles E.: Clinical evaluation of stock respiratory vaccine in the treatment of bronchial asthma, 722
Morris, George A.: Allergic rhinitis acquired during the processing of epoxy resins, 74

N

Nasal allergy, nasal polyposis, and asthma: an evaluation of Triaminic® and hydrocortisone in the treatment of (Walter R. MacLaren), 546
Nervous system, central: possible allergic conditions affecting the, viewed from a neurological standpoint (Robert B. Aird), 905
Nickel, primary sensitivity to: development of multiple sensitivities from (L. Edward Gaul), 209
Nummular eczema with special reference to dermatitis of the hands in housewives (Paul Gross), 745

O

Overholt, Richard H.: Pulmonary denervation and resection in asthmatic patients, 534
Owen, Walter E.: The treatment of nasal polyposis, 557

P

Parabromdylamine maleate (Dimetane): the clinical evaluation of (William H. Lipman), 19
"Parabromdylamine maleate": evaluation of effectiveness, dosage and toxicity of, in allergic rhinitis of infants and children (John P. McGovern, Thomas R. McElhenney, Thomas R. Hall, and Kenneth D. Burdon), 915
Parish, Fred A.: Treatment of severe allergies with dexamethasone, 701
Parker, George F., Haynes, John T., Meulbroek, Harvey, and Caplin, Irvin: Constitutional reaction following buccal trypsin, 901
Passive transfer test: the inadequacy of, as a diagnostic procedure in pediatric allergy (Bret Ratner), 62
Patterson, Roy, Correa, Jose N., and Mathews, Kenneth P.: Studies on the neutralizing and eliciting activity of altered ragweed antigen, 444
Pediatric allergy: the inadequacy of the passive transfer test as a diagnostic procedure in (Bret Ratner), 62
Peshkin, M. Murray, and Abramson, Harold A.: Psychosomatic group therapy with parents of children having intractable asthma, 344

Peshkin, M. Murray, Falliers, Constantine J., and Bekaroglu, M.: A graphic form as a progress index of asthmatic patients, 434
Pollinosis: the treatment of, by means of a single annual injection of emulsified extract V (Ethan Allan Brown), 34
Polyposis, nasal : the treatment of (Walter E. Owen), 557
Possible allergic conditions affecting the central nervous system viewed from a neurological standpoint (Robert B. Aird), 905
Preliminary study of use of buccal protease therapy in bronchial asthma (Donald B. Frankel, Abe B. Aaronson, and Norman J. Ehrlich), 883
President's address (Merle W. Moore), 333
Principles of therapy in human hypersensitiveness, historical document (Robert A. Cooke), 773
Problem of allergic cutaneous vasculitis, the (John T. McCarthy and Beatrice M. Kesten), 519
Problems of contact dermatitis in the atopic individual (Otis Field Jillson, William L. Curwen, and Bronson R. Alexander), 215
Prochlorperazine as an aid in the treatment of bronchial asthma (Harold S. Tuft), 224
Pseudoallergic schizophrenia (Harold A. Abramson), 576
Psychosomatic group therapy with parents of children having intractable asthma (M. Murray Peshkin and Harold A. Abramson), 344
Pulmonary denervation and resection in asthmatic patients (Richard H. Overholt), 534
Pyelography, intravenous: further observations with antihistamines in reducing reactions in (Maury D. Sanger), 762

R

Ragweed pollen: the treatment of allergy to, by means of a single annual injection of emulsified pollen extract VI (Ethan Allan Brown), 358
Ratner, Bret: The inadequacy of the passive transfer test as a diagnostic procedure in pediatric allergy, 62
Reactions, allergic: due to F D & C yellow No. 5 tartrazine, an aniline dye used as a coloring and identifying agent in various steroids (Stephen D. Lockey), 719
Reactions, allergic: the study of, in the etiology of bronchiectasis (Stanley L. Goldman), 399
Reactions to influenza vaccine (Herschel E. Griffin), 179
Reed, Charles E., and Moore, Merle W.: Clinical evaluation of stock respiratory vaccine in the treatment of bronchial asthma, 722
Rehabilitation of children with intractable asthma (W. B. Steen), 864
Reif, Arnold E., and Mitchell, Charles: Size analysis of water aerosols, 157
Resection, pulmonary denervation and: in asthmatic patients (Richard H. Overholt), 534
Resins, epoxy: allergic rhinitis acquired during the processing of (George E. Morris), 74
Rhinitis, allergic: due to plastics (Louvane A. Fox), 768
Rhinitis, allergic, of infants and children: evaluation of effectiveness, dosage and toxicity of "parabromdylamine maleate" (John P. McGovern, Thomas R. McElhenney, Thomas R. Hall, and Kenneth D. Burdon), 915
Rice intolerance: masked food allergy in infants? (Douglas E. Johnstone), 350
Rowe, Albert H.: Allergic fatigue and toxemia, 9
Rudolph, Burton M., and Rudolph, Jack A.: Treatment of dermatologic and respiratory allergy with dexamethasone, 710
Rudolph, Jack A., and Rudolph, Burton M.: Treatment of dermatologic and respiratory allergy with dexamethasone, 710

S

Sanger, Maury D.: Further observations with antihistamines in reducing reactions in intravenous pyelography, 762
Sanger, Maury D.: Immunization after intradermal and subcutaneous injection of Asian influenza vaccine, 173
Schaffer, Nathan, Molomut, Norman, and Center, J. George: Studies on allergenic extracts I, 380
Schizophrenia, pseudoallergic (Harold A. Abramson), 576
Scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma (Sidney Dann, Frederick R. Brown, Imelda A. Baustista, Aaron D. Spielman, and Herbert S. Kupperman), 562
Segal, Maurice S., Attinger, Ernst O., and Goldstein, Merrill M.: Exhibit—mechanical aids and drugs, 413

Segal, Maurice S., Duvenci, Jale, and Chodosh, Sanford: Dexamethasone in bronchial asthma, 695
Shair, Hilliard M., and Grayson, Leonard D.: Atopic dermatitis: a review of eight years, part II, 57
Shall we change our nominating procedures? (Eloi Bauers), 769
Sherman, William B.: Some thoughts on the nature of allergy, 407
Simon, S. William: A study of the effectiveness of sustained-action tablets, 50
Size analysis of water aerosols (Arnold E. Reif and Charles Mitchell), 157
Smith, Sydney F.: The use of Triamcinolone in the treatment oif allergic disorders, 740
Some thoughts on the nature of allergy (William B. Sherman), 407
Sperber, Perry A.: Dexamethasone in dermatologic therapy, 895
Spielman, Aaron D., Kupperman, Herbert S., Dann, Sidney, Brown, Frederick R., and Bautista, Imelda A.: The effectiveness of scopolamine n-methyl bromide (Pamine Bromide®) in the treatment of bronchial asthma, 562
Steen, W. B.: Rehabilitation of children with intractable asthma, 864
Steroids: allergic reactions due to F D & C yellow No. 5 tartrazine, an aniline dye used as a coloring and identifying agent in various (Stephen D. Lockey), 719
Studies on allergenic extracts I (Nathan Schaffer, Norman Molomut and J. George Center), 380
Studies on the neutralizing and eliciting activity of altered ragweed antigen (Roy Patterson, Jose N. Correa and Kenneth P. Mathews), 444
Study of allergic reactions in the etiology of bronchiectasis, the (Stanley L. Goldman), 399
Study of the effectiveness of sustained-action tablets, a (S. William Simon), 50
Suicide by asthma (Bennett Kraft, Frank W. Countryman and David L. Blumenthal), 394
Sulfonamide therapy in the prevention of asthma associated with infection (A. E. Fishman), 588
Sustained action tablets: a study of the effectiveness of (S. William Simon), 50

T

Tartrazine, F D & C yellow No. 5: an aniline dye used as a coloring and identifying agent in various steroids, allergic reactions due to (Stephen D. Lockey), 719
Tejo, Carlos, Bido, Joaquin C., Tomasini, Simon, and Barnard, Robert T.: Buccal amylase, 855
Therapy, dermatologic: dexamethasone in (Perry A. Sperber), 895
Thomas, J. Warrick: The treatment of major allergic manifestations with Dimetane injectable, 25
Tomasini, Simon, Barnard, Robert T., Tejo, Carlos, and Bido, Joaquin C.: Buccal amylase, 855
Toxemia: allergic fatigue and (Albert H. Rowe), 9
Treatment of allergy to ragweed pollen by means of a single annual injection of emulsified pollen extract, the, VI (Ethan Allan Brown), 358
Treatment of bronchial asthma with Medrol, the (E. G. Wygant), 402
Treatment of dermatologic and respiratory allergy with dexamethasone (Jack A. Rudolph and Burton M. Rudolph), 710
Treatment of major allergic manifestations with Dimetane injectable, the (J. Warrick Thomas), 25
Treatment of nasal polyposis, the (Walter E. Owen), 557
Treatment of pollinosis by means of a single annual injection of emulsified extract, the, V (Ethan Allan Brown), 34
Treatment of severe allergies with dexamethasone (Fred A. Parish), 701
Triamcinolone: use of, in the treatment of allergic disorders (Sydney F. Smith), 740
Triaminic®: an evaluation of, and hydrocortisone in the treatment of nasal allergy, nasal polyposis, and asthma (Walter R. MacLaren), 546
Tridecamine: duration of effect of a sustained release mixture of antihistaminic agents (T. L. Jones, L. B. Dale, and G. L. Christenson), 878
Tuft, Harold S.: Prochlorperazine as an aid in the treatment of bronchial asthma, 224

U

Use of dextro-chlorpheniramine (Polaramine®) in pruritic dermatoses, the (Rudolph S. Lackenbacher), 355
Use of Triamcinolone in the treatment of allergic disorders, the (Sydney F. Smith), 740
